

Boulders Inc. Shared Solar Impact Report

As a customer of Madison Gas and Electric (MGE), Boulders Inc. has demonstrated its commitment to local clean energy by participating in MGE's Shared Solar program. MGE is excited to partner with Boulders Inc. as we work toward shared energy goals for our community! Reducing the carbon intensity of our electricity generation is one of our key strategies for achieving net-zero carbon electricity by 2050.

2022 EMISSION OFFSET IMPACT

Purchasing clean energy from MGE has offset emissions equivalent to:

Miles driven:	Smart phones charged:
65k	3.1m
	
Pounds of CO ₂ emissions:	Trees planted:
56.3k	421
	
Kilowatt-hours of energy:	38,317

Clean. Local. Sustainable.
